

Illness Manager from HuRis Now Available on SAP® App Center

By integrating with SAP® SuccessFactors® solutions, Illness Manager from HuRis helps manage sickness reporting for organizations

Culemborg — 25th of March 2020 — HuRis today announced that its [Illness Manager](#) app is now available on [SAP® App Center](#), the digital marketplace for SAP partner offerings. Illness Manager integrates with SAP® SuccessFactors® Employee Central and helps assure full control of the illness reporting processes for employees.

“With Illness manager from HuRis, organizations have more control over the illness reporting process for employees and can , helping businesses to assure that they take better care of their people while also contributing to a shorter period of absence,” commented Sander Surewaard of HuRis.

Illness Manager integrates with SAP SuccessFactors solutions to provide the following benefits:

1. Help to ensure compliance with legal regulations concerning sickness and recovery
2. Support for managers to actively reintegrate employees after illness
3. The ability to create a complete digital file with reintegration reports and activities
4. The ability to leverage a tool that is “Poortwachter” (only for the Netherlands) compliant

At SAP App Center, businesses can discover approximately 1,800 innovative partner solutions that integrate with and extend SAP solutions. The solutions are SAP-validated and can be sorted by SAP product line, industry, solution type and use-case scenario, creating a seemingly endless supply of opportunities. Find, try, buy and manage SAP partner solutions digitally at www.sapappcenter.com.

HuRis is a partner in the SAP PartnerEdge® program. As such, it is empowered to build, market and sell software applications on top of market-leading technology platforms from SAP. The SAP PartnerEdge program provides the enablement tools, benefits and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively. The program provides access to all relevant SAP technologies in one simple framework under a single, global contract.
