

Employee Experience Portal from HuRis Now Available on SAP® App Center

By integrating with SAP® SuccessFactors® Employee Central, HuRis's Employee Experience Portal solution helps to digitally sign and store all documents directly in SAP® SuccessFactors® solutions

Culemborg — May 6th, 2020 — HuRis today announced that its [Employee Experience Portal](#) app is now available on [SAP® App Center](#), the digital marketplace for SAP partner offerings. The Employee Experience Portal integrates with SAP® SuccessFactors® Employee Central and creates one portal where employees can access their SAP SuccessFactors data available through the application programming interface (API) as well as company applications — all in one place.

“As the world becomes increasingly digital, employees need to work with numerous applications to support increased efficiency within their organizations. Many employees find all these different systems confusing, sometimes not knowing how to access systems or where to find what they need. Employee Experience Portal is here to help. Designed to be adjustable to a company's individual branding style, it is a single destination centered around employee needs,” commented Sander Surewaard, Managing Partner of HuRis.

The Employee Experience Portal provides the following features and benefits:

- 100% mobile and desktop friendly interface
- Single sign-on
- Ability to support the employee journey from pay stubs to performance feedback, from news to job-based information, and from self-service help desks to whatever the employee wants and needs

At SAP App Center, businesses can discover approximately 1,800 innovative partner solutions that integrate with and extend SAP solutions. The solutions are SAP-validated and can be sorted by SAP product line, industry, solution type and use-case scenario, creating a seemingly endless supply of opportunities. Find, try, buy and manage SAP partner solutions digitally at www.sapappcenter.com.
